

PhD student in Data Intensive Science applied to Astrophysics and Cosmology at University College London
Member of the Physics & Astronomy group and the Cosmoparticle Initiative

Contact: d.piras@ucl.ac.uk Website: dpiras.github.io

EDUCATION

UCL – University College London (UK)	2017-2021
Doctor of Philosophy (PhD) in Data Intensive Science. Advisor: Benjamin Joachimi.	
University of Padova (Italy)	2015-2017
2-year master course in Physics. Final grade: 110/110 <i>cum laude</i> .	
UCL – University College London (UK)	2017-2017
6-month traineeship funded by the Erasmus+ programme.	
University of Padova (Italy)	2012-2015
Undergraduate course in Physics. Final grade: 110/110 <i>cum laude</i> .	

PUBLICATIONS

MNRAS: Monthly Notices of the Royal Astronomical Society
ICLR: International Conference on Learning Representations

GJI: Geophysics Journal International
* indicates joint effort

1. [Learning to Noise: Application-Agnostic Data Sharing with Local Differential Privacy](#)
A. Mansbridge*, G. Barbour*, **D. Piras***, C. Frye, I. Feige, D. Barber. 2020. Submitted to ICLR 2021.
2. [Deep generative models for accelerated Bayesian posterior inference of microseismic events](#)
A. Spurio Mancini, **D. Piras**, M. P. Hobson, B. Joachimi. 2020. Submitted to GJI.
3. [The mass dependence of dark matter halo alignments with large-scale structure](#)
D. Piras, B. Joachimi, B. M. Schäfer, S. Hilbert, M. Bonamigo, E. van Uitert. 2018. MNRAS, 474 (1), 1165-1175.

AWARDS

Valentino Baccin Prize (2017)

Prize for the excellent work done in preparing and publishing a master's degree thesis in the field of Physics (€5.0k).
From: City of Bassano del Grappa, Vicenza.

Sergio Gambi Study Prize (2017)

Prize for the best 2nd year performance amongst all 2-year scientific master's degrees (€2.5k).
From: University of Padova, Padova.

Fermi High School Prize (2012)

For completing high school one year in advance (€1.0k).
From: Enrico Fermi High School, Padova.

TEACHING

UCL – University College London (UK)	since 2017
Teaching assistant, demonstrator, marker and invigilator for the following courses:	
Practical Physics and Computing 1	Electromagnetic Theory
Classical Mechanics	Electricity and Magnetism
Practical Astrophysics and Computing	Machine Learning with Big Data

London Business School (UK)	since 2018
Teaching assistant and demonstrator for the following courses:	
Python Programming – Master in Management	Applied Programming Course: Intermediate Python
Python Programming – Master of Business Administration	Introduction to Python for Data Science
Applied Programming Course: Basic Python	Machine Learning for Big Data

TALKS, WORKSHOPS AND CONFERENCE PRESENTATIONS

Dec 2019, Data Science for Physics and Astronomy, Alan Turing Institute, London, UK

Using machine learning to generate virtual universes

Sep 2019, CDT in DIS Annual Meeting, UCL, London, UK

Using machine learning to generate virtual universes

Jun 2019, Artificial Intelligence methods in Cosmology, ETH, Ascona, Switzerland

Generating virtual uniVAErses

May 2019, PhysAstroData Round Table, UCL, London, UK

Introduction to TensorFlow

Mar 2019, MSc Open Day, UCL, London, UK

Generating virtual universes using machine learning

Dec 2018, CDT in DIS – Upgrade talks, UCL London, UK

Generating virtual universes

Jul 2018, STFC's Summer School in Artificial Intelligence and Machine Learning, UCL, London, UK

A semi-supervised approach to topic modelling (poster session)

INDUSTRIAL EXPERIENCE

[Faculty AI \(UK\)](#)

2020

8-month internship in the most experienced Artificial Intelligence (AI) company in Europe. Worked in the R&D team dealing with AI privacy, fairness, explainability and robustness. Collaborated with data scientists, computer scientists and software engineers to make AI real.

[ASI Data Science \(UK\)](#)

2018

4-month group project in Natural Language Processing applied to topic modelling. Developed and built a web interface for fast topic modelling of large corpora of text.

OUTREACH AND OTHER ACTIVITIES

[ML Journal Club](#)

since 2019

Set up and co-hosting a journal club in machine learning in the Center for Doctoral Training in Data Intensive Science at UCL.

[For Inquisitive Minds](#)

2019

An outreach podcast where I discussed my PhD topic to non-experts.

[UCL Certificate of Higher Education in Astronomy](#)

2018

Helped mature students by marking and providing feedback to their final dissertation.

[DataKind UK – Data Dive](#)

2017

A 2-day hackathon to explore applications of data science to help charities.
